

PART 4

After completing Step 3c:

PART 5

- 1 c) 2
- 2 a) Configuration Terminal
- 3 a) The cable(Fiber) use to connect Router1 and Switch
- 4 a) We can see the oval mesh covering the home network because we have a Router Wireless.(WLAN)
- 4 b) Basically, Most home don't have racks in their house. We just put the PCs, Routers or equipment on desk.
